⊖ [Learn more about this recall](#)

**Description:** The Integrated Brake (IB) system may not have been produced by the supplier according to specifications. If the IB system was not functioning properly, a warning lamp and message will be displayed in the instrument cluster.

In some cases, there will be a reduction in power assist braking, which could lead to an extended stopping distance and increase the risk of a crash. The Antilock Brake System (ABS) and Dynamic Stability Control (DSC) system may not function, which could also affect braking performance as well as vehicle handling and control. However, fully mechanical braking is not affected and, if the IB system is not functioning properly, the parking (emergency) brake will be automatically activated to aid in braking performance and help maintain vehicle stability and control.

**Remedy:** The Integrated Brake (IB) system will be replaced for free by an authorized BMW center which should take several hours.

**Glossary**

**First Owner**

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

**Manufacturer Recall**

Automobile manufacturers issue recall notices to inform vehicle owners of a safety defect or failure to meet minimum federal safety or emissions standards. Manufacturer recalls are repaired at no cost to the customer.

**Ownership History**

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

**Title Issued**

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
